News From the Principal

This week is Education Week in NSW public schools and we are "celebrating the 60th Education Week". The tagline in the original 1954 Education week was "lighting the way to a better world" and public education throughout the state continues to provide this for all students. Let's celebrate the great job teachers, students, parents and support staff in our public schools.

As you are aware our school has been involved in the Live Life Well @ School program this year and we have purchased a water cooler and many of our gardening tools and plants with this funding. The students are enjoying the regular “crunch and sip” time each day so don’t forget to pack some healthy fruit and/or vegetable snacks.

Below is one idea for families:

Think about carrots for Crunch & Sip/ Fruit Break:

Carrots are:
- rich in Vitamin A, potassium and fibre,
- they don’t bruise,
- kids love their crunchy texture and sweet flavour,
- something different!

The students all enjoyed the fun tabloid day last Friday and participated in many activities. Each student tried their hardest which was pleasing to see.

During the week if you have any spare time please try to drop into the school and visit the classroom to see what your child is doing. We are always happy to welcome parents into our school and the students love having their family visit.

See you in the classroom.
