News From the Principal

Week 2 is already upon us and the term looks like being a busy and productive one. We got off to a slow start last week with the loss of power on Tuesday. However, we are back on track now and the students and staff are in the swing of things.

We are holding a school tabloid day this Friday with many varied activities. The afternoon will promote participation with a variety of fun games and skills. All parents and carers are welcome to join us after lunch for some fun activities.

We are continuing our Boys Education program on Fridays and we will focus on the Fundamental Movement Skills (FMS) as well as cooking, craft, environmental education and sport. It is always a great way to end the week.

Last week we made hand and foot prints in the sand and filled them with plaster of paris. We also added interesting items from the natural environment to ensure an interesting design. The students are enjoying all the new skills they are learning both in the classroom and outside.
